HEALTHCARE MEETINGS TO
Educate & Inspire

WELCOME TO AMI

"Meetings" is Our Middle Name

Over 20 years ago, we began with a simple yet very unique vision: To change the healthcare meetings landscape through innovation, diversity, and sustainability.

These three pillars are at the core of who AMI is today.

- **Healthcare Meetings Management**
- **HCP Data Collection**
- **Honoraria Management**
- **Transparency Reporting**
- **Travel Management**
- **Venue & Hotel Sourcing**

"Our talented global team partners with the world's top pharmaceutical, biotech, and healthcare organizations to have a positive, often lifechanging impact through in-person, virtual, and hybrid meetings."

—Andy McNeill &
Todd Bludworth
Founders, AMI

Sustainability IN MEETINGS

AS AN ORGANIZATION, WE'VE WORKED TO UNDERSTAND THE ENVIRONMENTAL, SOCIAL, AND ECONOMIC IMPACT OF OUR WORK WITH CLIENTS.

We are especially aware of the impact on the environment that travel produces. That's why we've pledged to work on reducing the impact of producing meetings and events for our clients worldwide.

VIRTUAL MEETINGS

Developing digital meeting strategies to meet your sustainability requirements.

HOTEL PARTNERS

We select hotels and suppliers with green policies and practices.

REGIONALIZED MEETINGS

Holding multiple meeting sessions in regional locations to limit transportation requirements.

MINIMIZING PAPER

Web based invites, online event registration, and electronic follow-up.

AMI ATTEND-TREE PROGRAM

Annually we plant trees to offset the carbon emissions of our client's attendees. Doing our part for the environment.

Ten's of Thousands of Meetings IN OVER 70+ COUNTRIES WORLDWIDE

IN PERSON/ FACE TO FACE

For engagements as small as 1:1 relationship-building encounters to product launches and congresses for tens of thousands, our global network of professionals are ready to go above and beyond to deliver what you need.

AMI delivers meeting solutions and production technologies that make your attendees' experience second to none.

VIRTUAL

Our virtual meeting programs allow our clients the ability to use integrated, enterprise quality technology capable of delivering interactive and experiential virtual meeting environments. These virtual strategies can accommodate an intimate setting for a few or a global engagement for thousands.

When transitioning a meeting from in person to virtual, we carefully balance the overall strategy with best-in-class tools to ensure your attendees are engaged.

HYBRID

For successful hybrid meetings, we combine meeting types to give both your live and virtual meeting attendees a truly immersive and consistent experience.

AMI can help you host an incredible in-person program while integrating an enterprise class virtual experience for your remote attendees, thus providing interactivity and engagement for all.
